**1st Quarter CMP Newsletter April - June
2022**

FROM THE DESK OF PRINCIPAL

I am immensely pleased to release the 1st edition of the CMP newsletter for the session 2022-23. Education is the integral development of a person . It contributes to the betterment of society . It also motivates self assurance and provides us with the things we need to partake in today's world. Children learn as they play , most importantly play gives children a chance to practice what they are learning and CMP provides activity based teaching -learning atmosphere in the classroom. It enables our little ones to grow and turn out to be the confident, young and vibrant adults. CMP aims child centered and activity based teaching and learning. It provides opportunities for the child to participate in various activities which leads to all round development of the child. This newsletter showcases some of the activies performed by the students under the able guidance of the teachers

I congratulate the contributors, teachers and our students to bring out this CMP newsletter.

With best wishes.

GIRISH CHAND

FROM THE DESK OF HM/INCHARGE

Education is about awakening--- Awakening the power, creativity and beauty that lies within all of us.

Every child is unique and as an educator it is our responsibility to nurture and develop every learner in their formative years. Education is all about total configuration of ideas, practices and conduct. A school ought to be a breathing place for their holistic development including creativity, observation and knowledge empowerment providing real meaning of life for the students. We groom our children from a tender age to foster respect for diversity and strive continuously to achieve this and get better and better every day in every way. CMP strengthens the primary education and moulds children into better citizens, competent professionals, and future leaders. I may convey here that the students must also believe in themselves that they have an immense reservoir of strength that when channelized properly can work wonders. This CMP news letter for the 1st quarter (Apr-June 2022) is an earnest endeavor to project and showcase the creative talent, achievements, growth and development of our students.

On behalf of our principal and staff I congratulate students, editorial team and all the parents who had been a great support.

I earnestly extent my best wishes.
