**FROM THE DESK OF PRINCIPAL**

Education is the manifestation of perfection already exists in man

"Educating the mind without educating the heart is no education at all".

Every child entrusted to our care at K.V. Yol Cantt is a pole star embellished in the firmament of KVS. Each child in their nascent years is endowed with inherent potential who is always looking for opportunities to showcase it. The multifaceted and highly experienced teachers of our vidyalaya strive for excellence in students, impart value based education and inculcate discipline through their indomitable spirit, zeal and untiring dedication. The aim is holistic development of our students by providing tools and experiences that encourage them to think and create empowered minds enabling them to decide what is good for them, differentiate between right and wrong, choose opportunities that help to live in harmony with all existence.

I extend my greetings to the entire team for bringing out CMP News letter.

**FROM THE DESK OF HM**

"Education is not about learning of facts but training of young minds to think"

Albert Einstein

Children are a reservoir of creativity and talent and teacher helps in bringing that out by encouraging them to learn by providing them ample opportunities for hands on experience through various activities. It is aptly said "Tell me and I will forget; show me and I may remember; involve me and I will understand". And activities under CMP/FLN have been so designed for children to extract their hidden qualities and unfold their potential. This CMP news letter for the 2nd quarter (Jul-Sep 2022) is an earnest endeavor to project and showcase the creative talent, achievements, growth and development of our students.

On behalf of our principal and staff I congratulate students, editorial team and all the parents who had been a great support. I earnestly extend my best wishes.
